

If you've been impacted by the opioid crisis, there are resources available to you

As part of this program, funding has been set aside for those who have been affected by the opioid crisis, whether directly or indirectly.

The goal of this program is to support, develop, and train people so they can find self-sufficiency in today's job market.

To find out if you're eligible for these employment resources, contact your local WorkSource center to talk to an Employment Specialist.
